Subject: Nutrient Standards Guidance

Hi Tina;

We are finishing up final editing and formatting of the Nutrient Standards Guidance document. It will be version 1.0 when completed. I just talked to Carrie and we should be able to finalize and get it on our website in the next couple weeks.

The only additional change it will need after that is when the Secretary of State publishes the final pages for the new rules; at that point we will insert into the guidance the ARM citations (whereas now it will read "per New Rule 1(4)" for example).
